OUTCOME OF EVALUATION: Satisfactory ☒

Unsatisfactory ☐

RECOMMENDATIONS FOR PROFESSIONAL GROWTH:

Natalie is encouraged to explicitly outline Catholic Graduate Expectations in her teaching, assisting students making the links between curriculum content and Catholic living. Natalie is encouraged to continue developing teaching strategies that reach all levels of learners and furthering her understanding of students with higher learning needs, as this will be an expectation in future classes.

COMMENTS (optional):

Principal:

Natalie has an outstanding understanding of the content and how to teach the majority of students. She adapts her teaching quite well to suit the students in the classroom. Natalie balances various types of lessons and learning opportunities (ie. labs, reading/writing tasks, demonstrations, hands-on learning, oral) in an organized manner. Natalie has an exceptional ability to rephrase her teaching when students ask questions, using a different analogy or approach to help the student(s) understand the concepts more fully. The feedback she provides to students is clear and students are able to easily move forward to better their learning. Natalie has a good sense of the purpose behind assessment and is encouraged to continue providing detailed feedback, both orally and in written form. Natalie uses technological forums (D2L, Google Classroom, etc) with good design and purpose, using it to reinforce student learning and as a forum for assignment submission.
