Dear Sir/Madame,

April 6, 2017

Please accept this letter of reference for Natalie Visser

I have had the pleasure of working alongside Natalie Visser last semester at St. Anne's and she was a welcome addition to our staff. I really got to know Natalie when she helped me coach the St. Anne's Swim Team this year.

Natalie taught a SNC2D class this semester and was well liked by her students. As the head of Student Success, I appreciated the fact that Natalie did not hesitate to inform Student Success when she had a student falling behind in class. She worked closely with the Student Success department to ensure that the students succeeded.

As was previously mentioned, it was such a pleasure to have Natalie help me coach the St. Anne's swim team this year. The swim team greatly appreciated her expertise. Her dedication to the team was showcased by her attentiveness during practices and at all our seasonal swim meets. She even attended swim meets second semester when she was no longer at St. Anne's. The swim team had a large number of energetic grade 10 boys this year, which could be a handful at times. Natalie had no problem keeping them under control as they all liked and respected her.

Natalie is a caring and compassionate professional. Her love for teaching radiates out of her and quickly rubs off onto those around her. She smoothly fit into the life of St. Anne's and her positive energy enabled her to work well with both the staff and students. We miss having Natalie here every day this semester but often see her, as she is a very reliable supply. She never hesitates to come in when called. Natalie would be a very positive asset to any school that has the fortune to employ her.

Natalie's positive energy and caring attitude made her a valuable member of the St. Anne's staff. I would highly recommend Natalie for a teaching position. If you have any further questions, please feel free to contact me.
